Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Thursday 14 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A cloudy day with showers possible. Drier night.

Today:
A largely cloudy day to start with scattered showers across the eastern parts of the region. Showers pushing eastwards and easing by afternoon. Some bright spells in the far southwest. Wind strengthens. Generally mild. Maximum temperature 11 deg C (52 deg F).

Tonight:
Largely dry across the region, with some isolated showers during the evening. Mostly cloudy for the rest of the night with some clear spells appearing. Minimum temperature 1 deg C (34 deg F).

Friday:
Dry and cloudy to start across the region with some sunny breaks during the afternoon. Low cloud arriving for later and turning windy overnight. Rather cold. Maximum temperature 10 deg C (50 deg F).

Outlook for Saturday to Monday:
Wind and rain for Saturday, easing during the evening. Dry with sunny spells for Sunday. Rain arrives late Monday after a dry start.
